Architectural Compliance Form—Solar Panels

I/We are submitting this Application in a manner and with detail that is responsive to the Association's "Alternative Energy" Policy Statement that was adopted on July 7, 2022.

Application for installation of Solar Panels at: _____
(Street Address)

In the Oak Creek Subdivision, Lewis Center, OH 43035.

Name of OWNER: _____ Email address: _____

Mailing Address: _____ City _____ State _____ Zip _____

Home Phone: _____ Mobil Phone _____ Fax _____

CONTRACTOR/BUILDER _____

Ohio License/Certification No. _____

Contact _____ Email address: _____

Mailing Address _____ City _____ State _____ Zip _____

Office Phone _____ Contact Phone _____ Fax _____

Estimated date for installation: _____

Owners are permitted to install solar panels that are rear-facing, flush-mounted, roof-mounted array. Cannot face street; i.e., be on the front of the house. Piping and electrical connections will be located directly under and/or within the perimeter of the panels and placed as inconspicuously as possible when viewed from all angles—No visible/exposed conduit or connections.

INITIAL STEPS:

1. Verify quality of Product—Nothing under 70% TSR grade
2. Attach a site assessment and structural analysis of home prepared by Contractor.
3. Attach a diagram "drawn to scale" by licensed contractor installing the system showing where the system will be installed.

4. Attach aerial photos of the roof area where the array will be mounted.
5. Attach details and description (including available pictures) of the solar system: TSR grade, size of panels, material to be used and/or manufacturer's description of the system, photos and/or pictures of the system and color of the system. Where possible provide photos of similar existing systems as examples.
6. Attach proof of all approved building permits.
7. Attach check/money order application fee of \$25.
